## 👤 PROFILE

I am a Junior Computer Systems Engineer focused on web development, with one year of experience in the field. I have knowledge in both frontend and backend. I'm autodidactic. I can work alone, and I easily fit into work teams.

## 👥 WORK EXPERIENCE

### Web Developer at G&R Hub, Cancún, Q Roo.

June 2021 — February 2022

- Created web pages with HTML, CSS and JavaScript
- Complete redesigns of existing websites to improve navigation and strengthen search engine rankings.
- Front-end website development using WordPress.
- Web applications optimized for speed, scalability and security.
- Co-creator of a website for an Orlando, FL newspaper.

### Web Developer Intern at Cafecol AC, Xalapa, Ver.

September 2020 — March 2021

- Created a web application for coffee cupping, using HTML, CSS, JavaScript and MVC.
- Debugging and unit testing
